Introduction

Interviewer: Date/time of interview is 2026-01-02T23:10:00-05:00. Please state your name and role.

Interviewee: Lena Moretti. I'm the Operations Supervisor.

Interviewer: This is a recorded administrative interview. If you don't know an answer, say so. Do you understand?

Interviewee: Yes.

Interviewer: We will ask about the incident timeline and related materials, including EV001, EV004, EV005, EV007, EV009, and EV010. Are you comfortable proceeding?

Interviewee: Yes.

Background Questions

Interviewer: How long have you been Operations Supervisor?

Interviewee: A little over two years.

Interviewer: Briefly describe your normal duties.

Interviewee: I coordinate floor operations, check staffing, review end-of-shift tasks, and make sure procedures are followed.

Interviewer: Who do you routinely interact with during evening operations?

Interviewee: The assistant manager, the evening security guard, and whoever is assigned to closing tasks.

Interviewer: Are you familiar with written procedures or checklists used for closing?

Interviewee: Yes. I reference them regularly.

Interviewer: Do you use any access methods or credentials that would appear in logs or records?

Interviewee: I have my assigned credentials. If there are logs, my entries should match my shifts.

Incident Questions

Interviewer: Starting from your arrival that day, walk me through your shift in order.

Interviewee: I came in, checked staffing, did my normal walkthrough, and then focused on operational tasks. Later I did another walkthrough as we moved toward closing.

Interviewer: Do you recall anything unusual before the incident was identified?

Interviewee: Not at first. It felt like a normal night until people started asking questions about what was missing.

Interviewer: Were you present when the issue was first noticed?

Interviewee: I was nearby but not the first person to notice it. I remember it becoming a group discussion quickly.

Interviewer: Do you recall the approximate time you first became aware of it?

Interviewee: I can't give an exact minute without looking at a reference, but it was during the later part of the shift, before we were fully done closing.

Interviewer: We have materials tagged EV004 and EV005. Did you review either during or after the incident?

Interview with Lena Moretti (Operations Supervisor)

CONFIDENTIAL • INTERNAL USE ONLY

Interviewee: I was shown information later. I did not personally collect anything.

Interviewer: EV001 and EV007 are also associated with this case. Did you handle, move, or store any items that could relate to those?

Interviewee: No. I didn't touch or move anything that I understood to be evidence.

Interviewer: Are you aware of any access, door, or system activity that might match EV009 or EV010?

Interviewee: I'm aware those records exist, but I don't know the specifics without seeing them.

Alibi Verification

Interviewer: During the key window referenced in timeline events E001, E004, E006, and E008, where were you and what were you doing?

Interviewee: I was on-site. I was moving between operational areas as part of my walkthroughs and end-of-shift checks.

Interviewer: Can anyone confirm your location during that window?

Interviewee: The assistant manager and security would likely have seen me. Staff on the floor may have as well.

Interviewer: Did you leave the premises at any point during that window?

Interviewee: No, I did not leave.

Interviewer: Did you have any private time in restricted areas during that window?

Interviewee: Not private time. If I entered any restricted area, it was for routine checks and people were in the general vicinity.

Interviewer: If access logs or records are reviewed, would they show your routine entries?

Interviewee: Yes, they should match my normal pattern.

Closing

Interviewer: Is there anything you want to add that could help clarify the timeline or what to review next?

Interviewee: I think the logs and any recorded materials will be clearer than my memory for exact times.

Interviewer: Do you have any reason to dispute the accuracy of materials identified as EV004, EV005, EV009, or EV010?

Interviewee: I can't say without reviewing them directly.

Interviewer: Are you willing to be contacted for follow-up if we need clarification?

Interviewee: Yes.

Interviewer: Interview concluded at 2026-01-02T23:10:00-05:00.

Interviewee: Understood.

Interview concluded at 04:07. Subject provided voluntary statement. No coercion or duress observed.
