Introduction

Interviewer: This interview is recorded as part of the ongoing investigation. Please state your name and role.

Interviewee: Kara Singh. I'm the Assistant Manager.

Interviewer: Date and time of this interview is 2026-01-02T23:50:00-05:00. Do you understand you need to answer truthfully?

Interviewee: Yes.

Interviewer: If you don't know an answer, say you don't know. If you need a break, tell me. Agreed?

Interviewee: Agreed.

Background Questions

Interviewer: How long have you been Assistant Manager?

Interviewee: A little over a year.

Interviewer: What are your normal responsibilities on an evening shift?

Interviewee: Staff coordination, closing tasks, making sure the floor is covered, and checking that daily paperwork is complete.

Interviewer: Who do you normally work most closely with?

Interviewee: Operations and security, depending on the night. I also check in with whoever is supervising operations.

Interviewer: Do you have access to restricted areas or keys used for closing?

Interviewee: I have access needed for closing procedures. I can enter back-of-house areas as part of my role.

Interviewer: Have you had any conflicts with staff recently?

Interviewee: Nothing serious. Normal work stress, but no major disputes.

Incident Questions

Interviewer: I'm going to ask about the incident timeline. Where were you when you first became aware something was wrong?

Interviewee: I first heard about it when a staff member said something didn't look right in the back area. I went to check.

Interviewer: What time was that?

Interviewee: I don't remember the exact minute. It was later in the evening during closing activity.

Interviewer: Walk me through what you did, step by step.

Interviewee: I left the front area, went toward the back, and checked the area that was mentioned. I looked for anything out of place. Then I contacted security to let them know what I saw.

Interviewer: What did you see specifically?

Interviewee: Something looked disturbed compared to how it should look at close. I don't want to guess details beyond that.

Interview with Kara Singh (Assistant Manager)

CONFIDENTIAL • INTERNAL USE ONLY

Interviewer: Did you touch or move anything?

Interviewee: No. Once I realized it might be an issue, I avoided touching things.

Interviewer: Did you review any records or logs that night?

Interviewee: I looked at routine paperwork, but I did not do a deep review at that moment.

Interviewer: I'm showing you evidence reference EV004. Do you recognize what it represents?

Interviewee: I recognize it as material connected to the incident, but I can't confirm specifics without context.

Interviewer: I'm also noting evidence references EV005 and EV006. Did you handle or create any of the items associated with those evidence IDs?

Interviewee: I did not create evidence. If those are documents or records, I may have seen them as part of routine work, but I did not collect or package anything.

Alibi Verification

Interviewer: I want to establish your movements. At the start of the evening, where were you working?

Interviewee: Mostly the front and office area, checking on staff and tasks.

Interviewer: During the key time window tied to timeline events E002, E004, and E005, where were you?

Interviewee: I was moving between the front area and the office, then I went toward the back when I got the report.

Interviewer: Were you alone at any point?

Interviewee: Briefly, yes, during normal work movement. Not for long periods.

Interviewer: Who can confirm your location during that period?

Interviewee: Staff who were closing, and security if they saw me in the hallway or office area.

Interviewer: Did you use any access points, doors, or secured storage during that time?

Interviewee: Only what I normally use for closing tasks. I didn't open anything unusual.

Interviewer: Did you leave the premises at any point?

Interviewee: No.

Interviewer: Is there anything that would help verify your timeline—messages, logs, or routine checklists?

Interviewee: There should be routine records from the shift, but I don't know what's been pulled already.

Closing

Interviewer: Is there anything you think investigators should focus on?

Interviewee: Check the routine records and who had access in the back areas during closing.

Interviewer: Did anyone behave unusually that evening?

Interviewee: Not that I noticed.

Interviewer: Have you spoken to anyone about the incident in detail since it happened?

Interviewee: Only basic work communication. I've tried not to speculate.

Interviewer: Are you willing to be contacted again if follow-up is needed?

Interviewee: Yes.

Interviewer: Interview concluded at 2026-01-03T00:06:00-05:00.

Interviewee: Understood.
