Witness Statement of Kara Singh (Assistant Manager)

WITNESS STATEMENT

Case Reference: CASE-20260103-d1e9d8b9

Statement Date: janvier 03, 2026

STATEMENT:

Name: Kara Singh

Role/Title: Assistant Manager

Statement Date/Time: 2026-01-02T22:40:00-05:00

Location of Statement: On-site office (management area)

I am providing this statement in my own words. I will describe only what I personally observed and did.

On the day of the incident, I was working my normal assistant manager duties, moving between the front area and the back office. I recall handling routine closing-related tasks and checking on staff progress.

At approximately the time reflected in event E002, I was in the management area and noticed activity that caused me to pay closer attention to the cash-handling process. I verified that the register area was staffed and that the usual procedures were being followed.

Around the period covered by events E004 and E005, I observed a brief interruption to normal operations at the front. I did not see anyone take anything directly. I did see staff pausing to look toward the register and then speaking in short, urgent sentences. I moved closer to the counter area to understand what was happening.

I looked at the register area and nearby surfaces. I did not touch anything that appeared out of place. I asked for a quick summary from staff and was told there was a problem with the till contents. I then instructed staff to stop handling the area until the situation could be documented.

I later reviewed available records that were provided to management, including EV002 and the related materials EV004, EV005, and EV006. My intent in reviewing these was only to understand the sequence of events and what steps were already taken, not to draw conclusions about responsibility.

I did not personally collect or package any items. I did not open any secured containers or access any restricted storage beyond my normal duties.

I can confirm that my observations are limited to what I described above and the administrative review of EV002, EV004, EV005, and EV006. If needed, I can clarify where I was positioned during the times referenced by E002, E004, and E005.

I, Kara Singh, affirm that this statement is true and accurate to the best of my knowledge.
