DECLARANT INFORMATION

Name	Mara Kline
Role	Overnight shift supervisor
Statement Type	Voluntary written incident statement
Date Prepared	2026-05-11 (after discovery; prior to case opening at 09:05)

STATEMENT NARRATIVE (AS PROVIDED)

I was the overnight shift supervisor on 2026-05-11. During the early morning hours I was completing normal end-of-shift tasks, including register closeout and paperwork in/near the office.

At approximately 03:18 I did not personally see anyone enter through the back/service door. Around that time I was handling register closeout paperwork and was on the office landline for a vendor-related call, then returned to the dining area.

After noticing something was off at the back/service door area and the cash drawer was missing money, I checked the register/drawer condition and confirmed the cash was gone. I notified the appropriate parties and reported the incident.

Employees present during the overnight shift included Dennis Yu (line cook) and Tessa Harper (server). Tessa clocked out earlier and left from the front lot via rideshare before the reported break-in window. Dennis was working the line and stated he had stepped out for a smoke break behind the diner during the night. I did not observe Dennis enter the office or handle the cash drawer during closeout.

No one was injured. The main loss appeared to be cash from the drawer. I preserved what I could and avoided touching the back door area after I noticed signs of entry.

TIMELINE ANCHORS CLAIMED IN STATEMENT

- Claimed location during entry window (~03:18): office area handling closeout and on office landline vendor call.
- Claims Tessa Harper departed prior to the break-in window.
- Notes Dennis Yu took smoke breaks behind the diner during the shift; no direct observation of entry.

OBSERVATIONS & LOSS (PER STATEMENT)

Point of concern first noticed	Back/service door area; signs consistent with forced entry (no suspect observed)
Property reported missing	Cash from register/cash drawer
Injuries	None reported
