Notes: Items EV004–EV008 maintained as paper/physical exhibits. Digital items EV001–EV003 stored in read-only repository; EV009–EV010 stored as physical media pending verification copy.

Summary

Twelve items (EV001–EV012) were collected during the initial response and entered into property control by 2026-01-02T09:04:30-05:00. Digital imagery (EV001–EV003) was uploaded to the case repository, while physical documents and media (EV004–EV012) were sealed and stored in designated lockers. No processing (e.g., print development, data review, or analysis) is documented in this log; this entry records intake only. Any subsequent movement, duplication, or examination must be recorded as a new transfer with date/time and receiving party.
