Introduction

Interviewer: This interview is for an official report. State your name and role.

Interviewee: Owen Patel. I'm the early-morning stock clerk.

Interviewer: Date and time for the record: 2026-01-02T10:10:00-05:00. Do you understand you should answer truthfully?

Interviewee: Yes.

Interviewer: If you need a break, say so. Are you comfortable continuing?

Interviewee: Yes.

Background Questions

Interviewer: How long have you worked this shift?

Interviewee: A little over a year. I usually start before opening and stock the front and back aisles.

Interviewer: What areas do you normally handle?

Interviewee: Mostly dry goods and the back-room shelving. Sometimes I help move deliveries from the receiving area.

Interviewer: Who do you usually see when you arrive?

Interviewee: If anyone, it's whoever is opening up and sometimes another employee already in the building. It depends.

Incident Questions

Interviewer: I'm going to ask about the incident timeline and what you observed. When did you arrive on the day in question?

Interviewee: I got there early like normal. I don't remember the exact minute, but it was before customers were in.

Interviewer: Describe what you did first.

Interviewee: I went to the back room, checked what needed stocking, and started moving items to the aisles.

Interviewer: Did you notice anything unusual in the back room or on the floor?

Interviewee: I noticed things were a little off—like a bin not where I expected. Nothing was smashed or anything like that.

Interviewer: Did you see or handle any item that might be evidence, including anything later logged as EV008, EV009, or EV010?

Interviewee: I didn't collect anything. If those are items you already took, I only saw normal stock and packaging around.

Interviewer: Did you observe any camera coverage or mention of video that morning?

Interviewee: I know there are cameras, but I didn't look at screens.

Interviewer: Investigators have referenced EV008 in relation to the incident. Do you recall seeing that specific item or

object?

Interviewee: I can't say for sure without seeing it. I don't want to guess.

Interviewer: Do you remember any specific time points tied to the incident events already recorded as E007 or E008?

Interviewee: I remember being told later that the issue happened around the early hours when I was already working, but I don't have exact times. My focus was stocking.

Interviewer: Who did you see in the store during your shift window?

Interviewee: I saw at least one employee in the building. I passed them briefly. I didn't talk much because I was moving carts.

Interviewer: Did you notice any doors propped, alarms, or anything about access to the back room?

Interviewee: I did not see a door propped. The back room door was closed most of the time.

Alibi Verification

Interviewer: For the period connected to E007 and E008, where were you primarily?

Interviewee: Mostly back room and the nearby aisles. I was going back and forth with a cart.

Interviewer: Can anyone confirm seeing you during that period?

Interviewee: Maybe the opening staff who passed by. Also, if cameras cover the aisles, that would show me moving stock.

Interviewer: Did you leave the building at any point before the incident was discovered?

Interviewee: No. I stayed inside.

Interviewer: Did you use your phone, take a break, or step into an area without cameras?

Interviewee: I took a short break in the usual spot, but I don't know what cameras cover it.

Closing

Interviewer: Is there anything else you think is important, even if it seems minor?

Interviewee: Just that the back room felt slightly disorganized compared to normal, but I can't say why.

Interviewer: If we show you photos of EV008, EV009, or EV010 later, would you be willing to review them?

Interviewee: Yes.

Interviewer: Thank you. Interview concluded at 2026-01-02T10:25:00-05:00.

Interview concluded at 10:21. Subject provided voluntary statement. No coercion or duress observed.
