Officer Details / Date/Time of Supplemental Entry

This supplemental entry was completed to document review of store cash custody steps and closing paperwork relevant to the missing sealed deposit bag report (ref: doc_police_report_001).

Purpose of Supplemental Report

Purpose of Supplemental Report

- Record what closing and cash custody documents were reviewed.
- Summarize the stated hand-off path (cashier → manager → safe).
- Identify gaps or items requiring follow-up verification.
- Log specific evidence items reviewed/requested (ref IDs: **EV001**, **EV002**, **EV003**, **EV004**, **EV006**).

Custody/Hand-off Summary (Cashier to Manager to Safe)

Custody/Hand-off Summary (Cashier to Manager to Safe)

Based on documents provided and preliminary employee statements already on file, the described process is:

1. Cashier reconciles register/till and prepares end-of-shift paperwork.
2. Manager receives cash and related paperwork, confirms amounts, and prepares/labels deposit material.
3. Deposit is placed into the back-office safe area pending pickup/transport.

This supplemental report does not conclude whether each step occurred as documented; it only records what was reviewed and what requires confirmation.

Document Review (Closing Checklist and Till Report)

Document Review (Closing Checklist and Till Report)

The following documentation was reviewed in relation to the closing period associated with the missing sealed deposit bag:

- Closing checklist copy (**EV001**) for completeness (signatures/initials, listed tasks, and noted exceptions).
- Till report copy (**EV002**) for recorded totals and any variance fields.
- Any manager close-out record provided (**EV003**) for stated receipt and storage steps.

Items noted for follow-up: ensure all fields are filled, identify any corrections/strike-throughs, and verify that times written on documents match store system time standards.

Deposit Preparation and Storage Records Review

Deposit Preparation and Storage Records Review

Reviewed materials related to deposit preparation and temporary storage:

- Deposit slip or deposit preparation record (**EV004**) for bag identifier notation (if present), amount, and preparer initials.
- Safe access or key/combination control note provided (**EV006**) for listed authorized personnel and any reported access limits.

No assumptions were made regarding who accessed the safe; verification will be based on corroborating records and interviews.

Initial Consistency Checks (Records Compared)

Initial Consistency Checks (Records Compared)

Initial checks performed:

- Compared totals between **EV002** (till report) and **EV004** (deposit preparation record) for consistency.
- Compared completion indicators on **EV001** (closing checklist) against the custody narrative contained in **EV003**.
- Confirmed that the set of documents appears to refer to the same closing event referenced in the ongoing timeline (see events **E001–E004**).

Any mismatches (amounts, missing initials, or unclear timing) were noted for follow-up; final determinations pending additional documentation and interviews.
