Issued on: 2026-01-02 09:36 (-05:00)

Witness Statement of Marla Chen (Store Manager)

WITNESS STATEMENT

Case Reference: CASE-20260102-1f17e3f1

Statement Date: janvier 02, 2026

STATEMENT:

Name: Marla Chen

Role: Store Manager

Statement Date/Time: 2026-01-02T10:05:00-05:00

Location: Retail store sales floor and back office (no public address listed)

I am providing this statement based on what I personally observed while on duty. I am writing in first person and will keep the details factual.

On the date of the incident, I was working as the store manager and was responsible for opening/closing checks and supervising the evening shift. During my shift I moved between the sales floor and the back office.

I first became aware of an issue when I noticed an irregular condition at the front area and then checked the back office to confirm whether anything was out of place. After that, I reviewed the store's camera system to understand the order of events. The video used for my review is associated with evidence item **EV003**.

After viewing the footage, I performed a quick walk-through to preserve the scene and avoid moving items unnecessarily. I did not attempt to clean or reorganize anything. I then contacted the appropriate reporting channel and waited for further instruction.

When staff asked me what happened, I told them only what I knew at that moment: that there appeared to be a problem that needed documentation and that we should not handle anything that could be evidence. I directed staff to remain available for interviews.

I also noted that electronic point-of-sale activity would be relevant to confirm timing and transactions, and that it should be pulled as part of the investigation. The register and transaction information relevant to this event is associated with **EV004**.

I did not confront or detain anyone. I did not see a person commit any specific act with my own eyes during the critical moment; my knowledge of the sequence is based on my movement in the store and the later review of recorded material.

I understand that additional materials may help establish a timeline, including any door/entry information and internal records. Items that may corroborate details include **EV005**, **EV006**, **EV008**, **EV011**, and **EV012**.

I can provide follow-up clarification if requested, including where I was positioned in the store at different points in my shift and what I observed before I reviewed the video. I am willing to re-watch **EV003** with an investigator to point out what I noticed during my initial review.
